DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

3. Claims 28-94 are rejected under 35 U.S.C. 102(a) as being anticipated by Applicant's admitted prior art for the same reasons as set forth in Section 12 of the last office action, dated 9/2/04.

Response to Arguments

4. Applicant's arguments filed 3/4/05 have been fully considered but they are not persuasive. Applicant asserts on pages 26-27 of the Remarks that the prior art fails to disclose low priority information not decodable without some high priority information. However, Figure 9 of Applicant's admitted prior art illustrates the concept of such low priority information (e.g. Base Layer) is not separately decodable without at least some of the high priority information (e.g. dashed lines from Enhancement Layer).

Applicant also asserts on page 27 of the Remarks that the prior art fails to disclose a complete reference frame. However, Figure 8 of Applicant's admitted prior

Art Unit: 2613

art illustrates the concept of such complete reference frame (e.g. Frame 3 of 3rd Layer) by decoding all of the information.

Finally, applicant asserts on page 27 of the Remarks that the prior art fails to disclose a virtual reference frame. However, Figure 7 of Applicant's admitted prior art illustrates the concept of such virtual reference frame (e.g. Frame 2 of 2nd Layer) in decoding only the high priority information (e.g. Enhancement Layers) with the exclusion of some low priority information (e.g. Base Layer).

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
